

GUIDE TO **BUSINESS AND MANAGEMENT PROGRAMMES**

TAUGHT IN FRENCH
AND ENGLISH

EM 
NORMANDIE

* S'ouvrir aux mondes de demain, depuis 1871.

**JEAN-GUY
BERNARD,**
Director General,
EM NORMANDIE.

The École de Management de Normandie is one of the main business schools in France, providing managers and entrepreneurs with the knowledge and savoir-faire to excel in their chosen careers, through 3 effective strategies:

- A pedagogy combining academic with professional experience;
- International experience: study periods and internships abroad;
- Personal development and coaching in communication skills.

With its network of nearly 200 international partner institutions, EM NORMANDIE has developed a wide range of teaching and research programmes grounded in the assets of the region and the quality of its staff.

OUR MISSION IS TO CREATE A GLOBAL VILLAGE BY:

**ALAIN
OUVRIEU,**
International
Development Director,
EM NORMANDIE.

- Providing incoming and outgoing students with an opportunity to widen their world view and life experience.
- Facilitating student integration into new cultures and new pedagogical systems, while encouraging student autonomy, responsibility and sensitivity.
- Cultivating mutually rewarding international academic partnerships which promote the exchange of students and foster collaboration in research and teaching expertise between faculty members.
- Internationalisation@home: fostering an internationally mixed staff and student body; hosting international events; surveillance of international developments which impact or demand action at home.

The International Development Office accompanies incoming international students throughout their study abroad experience. It assists students with lodging, banking, immigration, etc., allowing non French speakers and others to minimise worry and maximise integration.
